Celebrations Just Got Better

A little thank you goes a long way, and saying thanks just got easier.

Total Rewards has launched an updated [Celebrations](#) site with several new features. The new site also features a streamlined email process. Now, users can log in and send a "thank you" in under two minutes.

Our Celebrations program is a fantastic way to recognize someone for a job well done or celebrate a special occasion.

Celebrations is also your destination for award nominations, including Hope & Will Awards. Each month, Children's celebrates a Hope & Will honoree who exemplifies the Children's Values with a story on Careforce Connection. Monthly winners are eligible to be honored at the annual Hope & Will Awards banquet. We've also made exciting changes to the Hope & Will Awards. Stay tuned for more information later this month.

The site continues to feature some of the things employees said they enjoyed. Managers will continue to receive a copy of all Celebrations emails, and each time you send or receive a Celebrations card, you're entered into a monthly sweepstakes for 10 AwardperQs.

Some of the new features include:

- Updated e-cards
- A simplified and quicker process—no more clicking through multiple pages
- Improved search function for names
- New visuals, including scrolling messages and reminders
- A mobile site for staff on the go and other smartphone capabilities such as text alerts

Employees must log in to Celebrations using a username and password. An employee's ID number is his or her username. Passwords are set by employees and all employees should have received an email asking them to select a new password. New employees will receive an automated email triggering a default password. If an employee loses or forgets his or her password, a password recovery system is available through the Celebrations homepage.
