

5 reasons to WORK AT Children's

1. We're among the best

We don't mean to brag, but we think Children's Healthcare of Atlanta is great. And we're not the only ones. *U.S. News & World Report* has ranked us among the top pediatric hospitals in the country.

Working Mother magazine named us among its best companies in 2011, and *Fortune* magazine singled us out as one of its 100 Best Companies to Work For in America seven years running. So, while we can tell you how great it is to work for Children's, you don't just have to take our word for it.

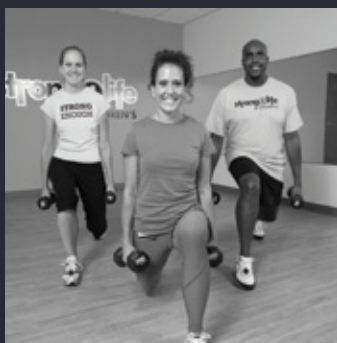

2. You have many opportunities

At Children's, we don't just rest on our laurels, and we don't want you to, either. Opportunities for education and development are plentiful here, and because we offer more than 30 pediatric specialties to our patients, you have the chance to hone a unique skill. And we want to make sure Children's is a part of your future. Whether learning new clinical

techniques or pursuing a higher degree, we'll help you make the most out of your career.

3. We keep you healthy

Take a yoga class during your lunch break. Get your salsa on during an afternoon Zumba session. Compete with your

co-workers in a fitness challenge. Or learn more about healthy eating through our employees-only wellness program. We know that the healthier we are, the better we can care for our patients. Whatever your health and fitness goals, Children's can help you achieve them.

4. It's fun

Colorful hallways. Clowns who make our patients giggle during difficult times. Onsite therapy dogs ready to be cuddled. Children's provides a fun, enjoyable environment for patients and employees alike. Challenge a child to a video game in The Zone—our

specially designed patient play area. Introduce a young patient to the airwaves through The VOICE, our in-hospital broadcast studio funded by the Ryan Seacrest Foundation. And participate in employee fun, like popsicle parties and spirit days. At Children's, we work hard, but we have fun while we're at it.

5. It's rewarding

The best part of working for Children's is getting to know our patients. Whether supporting a family during a difficult time, knowing when a hug is the best medicine or cheering a patient through a recovery milestone, working at Children's gives you the chance to change lives—every single day.
