

Benefiting

Children's
Healthcare of Atlanta

You make us great

Thanks to generous support from our incredible employees, we are able to provide high-quality care for Georgia's children every day. July is **Employee Giving Month**, and we want to recognize those of you who give back by highlighting your stories on Careforce Connection. Throughout the month, you can share your story and view other employees' testimonials about why they give back to Children's.

If you haven't joined your colleagues yet, it's not too late to give.

Visit **[careforceconnection/give](https://careforceconnection.com/give)** to make your donation today—every little bit helps our patients get back to being kids.
