In partnership with The Clean Air Campaign, Children's offers support and incentives to employees choosing commute alternatives. These commute alternatives include public transportation, carpooling, van pooling, biking, walking and telecommuting.

Children's Programs

- **Subsidized MARTA Passes** - Passes are provided to employees on a pre-tax basis with a \$17.96 subsidy. Various payment options including payroll deduction are available. Contact At Your Service: The Children's Concierge to purchase passes.
- **Guaranteed Ride Home Program** - This program enables employees who have used a commute alternative to receive a free taxi-ride home, up to five times per year, in the event of an emergency. Contact [security](#) to obtain a ride home.
- **Carpooling** - Interested in finding a carpool partner? Call 1-877-CLEANAIR or visit [cleanaircampaign.com](#). Your home and work address as well as your work schedule will be matched with other people who are interested in carpooling.
- **Preferential Parking** - Children's offers preferential "carpool only" parking for carpoolers at our three main campus locations. Contact [security](#) to register for a space.
- **Vanpool Subsidy** - Vanpooling is a great option if you live more than 25 miles from work. A vanpool is a super carpool of seven to 15 people riding to and from work together. Children's will contribute \$60 per month to employees who participate in a registered vanpool. For more information, email [Tiffany Rooks](#) with the Clean Air Campaign.
- **Shuttle Service** - Clean natural gas-powered shuttles, are available between Children's at Scottish Rite and the MARTA transit station during peak hours and for transportation between campuses for meetings. The Clifton Corridor-Decatur shuttle provides service from the Decatur MARTA station to stops including Children's at Egleston.
- **Bike Racks** - Bike racks are located at The Park, Children's at Scottish Rite and Children's at Egleston locations. Contact [security](#) for location specifics.
- **Try It Days** - This event is held annually at The Park, Children's at Scottish Rite and Children's at Egleston locations to encourage employees to "try" a commute alternative and promote behavior changes to reduce air pollution.
- **Asthma/Clean Air Fairs** - This annual event serves to educate employees on commute options, programs and the link between air quality and asthma.
- **Annual Prize Patrol** - In August we "catch our employees" using commute alternatives and give away snacks and prizes.

Clean Air Campaign Programs

- **Cash for Commuters** - Currently driving alone to work? Make a change and start carpooling, taking transit, teleworking, bicycling or walking to work. Through Cash for Commuters you can earn \$3.00 per day, up to \$180.00 over the next three months.
- **Commuter Prizes** - Already using a commute alternative? Join Commuter Prizes and get rewarded! Each month, Commuter Prizes participants are entered into a random drawing for one of hundreds of \$25.00 gift cards. This isn't like the lottery – presently 1-in-20 participants in Commuter Rewards wins a \$25.00 gift card each month. The more you clean commute, the greater your chances of winning. You may also be eligible to win a SpotLight Award (a \$100.00 gift card) when you set the example by regularly reporting your clean commutes.
- **Carpool Rewards** - If you are already carpooling, you may be eligible to fill up on us next month. Carpool Rewards provides carpools with three or more people monthly gas cards for up to 12 consecutive months when they carpool a minimum of 15 days each month. The bigger the carpool, the bigger the reward.

For information on these programs and to log your commute for prizes please visit the [Children's commute options web site](#).
