Careforce > Nurses Station

Nurses at Children's are professionals committed to the highest level of quality patient care, service and research that ensures that we are able to provide outstanding care to our patients and families and to enhance the profession of nursing.

"Outstanding Care by Top-tier Nurses"

[Watch a video](#)

The purpose of the Nursing Staff is to ensure every patient receives outstanding care at Children's Healthcare of Atlanta. This is accomplished by developing and maintaining top tier nurses through focusing on the tools and resources that the nurses need in order to provide the best care.

Our team of nursing professionals comprises a common, collaborative body that supports the practice of nursing and the development of top-tier nurses. Along with the entire healthcare team, one nursing body, with a common purpose and direction, paves the way toward the Children's goal of delivering the highest quality care by top-tier nurses.
