Management Essentials Program

This program has been designed for **newly hired/promoted managers and supervisors** to provide them with the resources and support they need to grow their leadership and management skills. Newly hired/promoted managers and supervisors with a minimum of 3 direct reports will be invited to participate in this newly redesigned program.

This program is a 7-10 month leadership development experience that will take place in a cohort group with other Children's managers/supervisors. Participants will complete courses with their cohort focusing on a range of leadership and management skills including people management skills, business acumen, operations management, change leadership, and project management. This program shares Children's frameworks, methods, and tools and will enable new managers/supervisors to build relationships with other managers and supervisors across the system.

For quick answers to frequent questions visit our [Frequently Asked Questions Page](#).

Please contact [Jenny Mewborn](#) via email or at 404-785-7807 with additional questions regarding the program.

Congratulations to recent Graduates!

Children's has celebrated the graduation of more than 230 participants since 2011, 72 of those participants graduated this April and May. Graduates and their leaders enjoyed a luncheon celebration honoring their leadership development journey and achievement. Each graduate completed a variety of activities such as leadership courses, behavior assessments, management skills development, and applied learning projects for our manager participants.

Please join Learning Services in congratulating our recent Management Essentials Program Graduates!
