New Careforce Connection Will Help You Find Your Way

Imagine you're trying to meet a friend at an unfamiliar restaurant. You obtain directions online that send you on a 60-minute journey through traffic-filled highways. After arriving at the restaurant, your friend informs you that if you had taken a different route on a less busy street, you could have been there in 20 minutes. Frustrated? We hear you.

This frustration is why Children's is launching a new and improved Careforce Connection Intranet site on **Monday, Dec. 12**. You've shared that it's not always easy to find what you are looking for on the site, so we're making some key changes. We've concentrated on improving the user experience with more intuitive navigation and enhanced search. On Dec. 12, we can guarantee that it will be a more enjoyable and easier way to travel.

Site contributors are already moving content over, and our IS&T and Internal Communications teams have been working behind the scenes to make the launch a success. Stay tuned for weekly updates on our progress and more insight into new features and functionality on the new Careforce Connection.

The screenshot shows the new Careforce Connection Intranet site. It features a top navigation bar with links to 'Your Connection', 'Patient Care', 'Nurses Station', 'Departments', and 'For Managers'. Below this is a large image of a healthcare worker with a caption 'Caption for above image will go here.' and a set of numbered tabs (1-4). The main content area is divided into three columns: 'Headline One Here', 'Headline Two Here', and 'Headline Three Here', each with a 'Read More' link. To the right of these headlines is a 'Frequently Used Tools' section with links to 'eHR Log In', 'Time Call', 'ONS', 'Policies+Procedures', and 'Teaching Sheets'. Below the headlines is a 'Current News' section with a 'Read More' link and an 'Upcoming Events' section with two event listings. At the bottom right is a 'Discussion' section with a list of discussion topics.
