## Management Essentials Program

Children's has developed a management development program for **newly hired/promoted managers and supervisors at Children's** to provide them with the resources and support they need to grow their leadership and management skills in their new roles. Future newly hired/promoted managers and supervisors will be invited to participate in this redesigned program, the Management Essentials Program.

This program is a 12 month leadership development experience that will take place in a cohort group with other Children's managers/supervisors. Participants will complete courses with their cohort focusing on a range of leadership and management skills including people management skills, business acumen, operations management, change leadership, and project management. This program shares Children's frameworks, methods, and tools and will enable new managers/supervisors to build relationships with other managers and supervisors across the system.

Please visit our [Frequently Asked Questions Page](#) for quick answers to your questions.

Please contact [Jenny Mewborn](#), the Leadership Center Coordinator at 404-785-7807 with additional questions regarding the program.

## **Congratulations to the 2011 and 2012 Graduates of Children's Management Essentials Program**

Children's celebrated the graduation of 87 managers and supervisors in 2011 and 38 in May 2012 from our Management Essentials Program. Graduates and their leaders enjoyed a luncheon celebration honoring their leadership development journey and achievement. Each graduate completed a variety of activities such as leadership courses, behavior assessments, management skills development, and applied learning projects for our manager participants.
